

Vertical Laminar Air Flow

Features:

- HEPA Filter : Mini Plate Hepa
- Pre Filter : Optional
- Ultra Violet Light
- Operating Switch
- Meno meter
- Filtration efficiency 99.99% at 0.3 micron
- Protective fiber grill
- Low noise level
- Durable and easy to clean
- Spare parts available at stock
- Fully made by mild steel powder coated
- Motor & blower 1440 rpm

Specifications:

Working Area	: Class 100
Size	: 2 X 2, 3 X 2, 4 X 2, 6 X 2
Particle Retention	: 0.3 micron
Velocity	: 90 FPM $\pm$ 20 %
Illumination	: 750-800 Lumen
Noise Level	: 60 - 65 Decibels
Power Supply	: 220 Volts
Work Surface	: 304 Stainless Steel
Side Walls	: 304 Stainless Steel
Florescent Lights	: Optional
Acrylic Door	: Optional
Caster Wheels	: Optional
Gas Cock	: Optional
